Zet een stip met de ene stift en dan een stip met de andere stift in het grote ei.

Ideetjes bij de muziekstukken:

- Schildpadden: nabootsen, trage muziek
- Olifanten: nabootsen: waggelen, traag stappen, slurf maken met de armen, ...
- Aquarium: met de armen de planten in het water nadoen.
- Koekoek: tellen hoe vaak hij 'koekoek' roept (21 keer)
- Finale: iedere leerling kiest één van de dieren die voorkomen in het verhaal. Tijdens de finale mag iedereen rondlopen en ondertussen zijn dier nabootsen (sierlijke, hoekige, zware, lichte, ... bewegingen).
